# Report of the Management Board

The Management Board present their report and the consolidated and separate financial statements for the year ended 31 December 2013.

The figures are presented in EUR (euro).

Principal activities

The principal activity of the Company and its subsidiaries (together the "Group") is providing consumer loans (payday and instalment).

#### Review of business

The financial year 2013 was the first year showing net profit of EUR 702 796 as compared to net loss of EUR 2 000 838 in year 2012. This came as a result of continuing growth in business and indicates that the Group has overcome the start-up difficulties and entered into steady growth phase.

The Group's income statement shows revenues of EUR 14 576 056 that is an increase of EUR 4 022 193 over 2012.

The year ended 31 December 2013 was a challenging year for the Group as it was the year of changes, stabilization and continuing growth.

Growth year for two our biggest markets – Poland and Spain and stabilization changes year for Sweden. In Sweden there were implemented new 3 months product which in rapid way started growth and in major part replaced existing short term product. As well as legislation changes were faced in Lithuania, as a result activities there decreased. At the moment of preparation of this report it is obvious that Group reached the targets set forth in terms of stabilization and growth which is a strong basis for successful long term business.

The Group's business activities continued to grow rapidly in Spain and Poland, encouraging development was experienced also in Czech Republic and Sweden, while subsidiaries in Latvia and Lithuania maintained their market shares and provided stable results. During year 2013 the Group ceased its business operations in the United Kingdom due to the losses from operations and substantial impairments on bad debts and closed the subsidiary in Finland because of the changes in local legislation and introduction of maximum interest cap. The losses connected to the withdrawals from these markets were fixed at EUR 1 384 775 for UK and EUR 75 513 for Finland and the respective investments were impaired already in 2012.

During Year 2013 the Group was continuing growth from business, financial and administration perspectives and in Year 2014 will continue growth and stabilize their positions in all the countries.

Member of the Board E. Lapkovskis

Riga, 5 June 2014

# Statement of Management's Responsibility

The Board of SIA VIA SMS Group ("Group") is responsible for preparing the Consolidated and Separate Financial Statements of the Group and its subsidiaries.

The Consolidated and Separate Financial Statements are prepared in accordance with the source documents and present fairly the financial position of the Group as of 31 December 2013 and the results of its operations and cash flows for the financial year ended 31 December 2013, as well as the financial position of the Group as of 31 December 2013 and the results of its operations and cash flows for the financial year ended 31 December 2013.

The Board confirms that suitable accounting policies have been used and applied consistently and reasonable and prudent judgments and estimates have been made in the preparation of the Consolidated and Separate Financial Statements for the year ended 31 December 2013 set out on pages 6 to 29. The Board also confirms that applicable International Financial Reporting Standards (IFRS) as adopted by the EU have been followed and that the Consolidated and the Separate Financial Statements have been prepared on a going concern basis and complies with the local legislation on the preparation of financial statements.

The Group's Board is also responsible for keeping proper accounting records, for taking reasonable steps to safeguard the assets of the Group and to prevent and detect fraud and other irregularities. Board also is responsible for operating the Group in compliance with the all the applicable laws and other legislation regulations of the Republic of Latvia and other countries where Group companies are operating.

On the behalf of the Management Board:

Member of the Board

E. Lapkovskis

Riga, 5 June 2014

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013

#### 1. General information

"VIA SMS GROUP" ("the Group") is a limited liability company in the Republic of Latvia acting also in the following countries: Lithuania, Czech Republic, Poland, Sweden and Spain. The Group's main business is providing the short term loans.

The legal address of SIA VIA SMS GROUP is K. Valdemāra Street 8-5, Riga LV-1010 Latvia.

#### Products and services

VIA SMS Group ("Group") provides 2 different products – payday loans and instalment loans.

Payday loans are short term loans on a term no longer 30 days with maximum amount EUR 500 to EUR 700 depending on country.

Instalment loans are long term loans from 3 to 24 months with maximum amount EUR 1400. Instalment loan is provided in Latvia, Lithuania, and Sweden.

All the loans (payday and instalment) are without any security and the only way on risk assurance is based on assessment of clients pay ability based on his parameters and historical data. One of the main principles of credit risk assessment is to avoid fraud which is produced by identifying of the client via identification fee (one penny) from clients bank account to the Group account.

All the transactions – issuing of loans and collecting of loans are non-cash based and provided via internet and/or SMS.

Excluding payday loans and instalment loans as products there are different side services provided. One of the most significant is prolongation service. This is the loan repayment date extension service applicable just for payday loans which produces 50% of revenues of the Group.

### 2. Summary of significant accounting principles

## 1) Basis of preparation

The accompanying financial statements are presented in the national currency of Latvia in euro (€'000).

The consolidated and separate financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union (the "EU"). IFRS as adopted by the EU do not currently differ from IFRS as issued by the International Accounting Standards Board (IASB) and currently effective for the purpose of these financial statements.

The consolidated and separate financial statements have been prepared under the historical cost convention except for available for sale securities including investments in subsidiaries and investment property which are measured at fair value and real estate included in the tangible fixed assets carried at revalued amounts. Other financial assets and liabilities are carried at amortised cost in accordance with the effective interest rate method.

Accounting policies applied in the year 2013 are consistent with those followed in the preparation of the balances for the year ended 31 December 2012.

These financial statements, for the year ended 31 December 2013, are the second the Group has prepared in accordance with IFRS. For periods up to and including the year ended 31 December 2011, the Group entities prepared its financial statements in accordance with local generally accepted accounting principle (Local GAAP). Accordingly, the Group has prepared financial statements which comply with IFRS applicable for periods ending on or after 31 December 2012, together with the comparative period data as at and for the year ended 31 December 2012, as described in the summary of significant accounting policies.

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013 (cont.)

# Standards and Interpretations effective in the current period

The following standards, amendments to the existing standards and interpretations issued by the International Accounting Standards Board (IASB) and adopted by the EU are effective for the current period:

- IFRS 13 "Fair Value Measurement", adopted by the EU on 11 December 2012 (effective for annual periods beginning on or after 1 January 2013),
- Amendments to IFRS 1 "First-time Adoption of IFRS" Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters, adopted by the EU on 11 December 2012 (effective for annual periods beginning on or after 1 January 2013),
- Amendments to IFRS 1 "First-time Adoption of IFRS" Government Loans, adopted by the EU on 4 March 2013 (effective for annual periods beginning on or after 1 January 2013),
- Amendments to IFRS 7 "Financial Instruments: Disclosures"
   Offsetting Financial Assets and Financial Liabilities, adopted by the EU on 13 December 2012 (effective for annual periods beginning on or after 1 January 2013),
- Amendments to IAS 1 "Presentation of financial statements" Presentation of Items of Other Comprehensive Income, adopted by the EU on 5 June 2012 (effective for annual periods beginning on or after 1 July 2012),
- Amendments to IAS 12 "Income Taxes" Deferred Tax: Recovery
  of Underlying Assets, adopted by the EU on 11 December 2012 (effective for annual periods
  beginning on or after 1 January 2013),
- Amendments to IAS 19 "Employee Benefits" Improvements to the Accounting for Postemployment Benefits, adopted by the EU on 5 June 2012 (effective for annual periods beginning on or after 1 January 2013),
- Amendments to various standards "Improvements to IFRSs (cycle 2009-2011)" resulting from the annual improvement project of IFRS (IFRS 1, IAS 1, IAS 16, IAS 32, IAS 34) primarily with a view to removing inconsistencies and clarifying wording, adopted by the EU on 27 March 2013 (amendments are to be applied for annual periods beginning on or after 1 January 2013),
- IFRIC 20 "Stripping Costs in the Production Phase of a Surface Mine", adopted by the EU on 11 December 2012 (effective for annual periods beginning on or after 1 January 2013).

The adoption of these amendments to the existing standards has not led to any changes in the Group's accounting policies.

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013 (cont.)

# Standards and Interpretations issued by IASB and adopted by the EU but not yet effective

At the date of authorisation of these financial statements the following standards, amendments to the existing standards and interpretations issued by IASB and adopted by the EU were in issue but not yet effective:

- IFRS 10 "Consolidated Financial Statements", adopted by the EU on 11 December 2012 (effective for annual periods beginning on or after 1 January 2014),
- IFRS 11 "Joint Arrangements", adopted by the EU on 11 December 2012 (effective for annual periods beginning on or after 1 January 2014),
- IFRS 12 "Disclosures of Interests in Other Entities", adopted by the EU on 11 December 2012 (effective for annual periods beginning on or after 1 January 2014),
- IAS 27 (revised in 2011) "Separate Financial Statements", adopted by the EU on 11 December 2012 (effective for annual periods beginning on or after 1 January 2014),
- IAS 28 (revised in 2011) "Investments in Associates and Joint Ventures", adopted by the EU on 11 December 2012 (effective for annual periods beginning on or after 1 January 2014),
- Amendments to IFRS 10 "Consolidated Financial Statements", IFRS 11 "Joint Arrangements" and IFRS 12 "Disclosures of Interests in Other Entities" Transition Guidance, adopted by the EU on 4 April 2013 (effective for annual periods beginning on or after 1 January 2014),
- Amendments to IFRS 10 "Consolidated Financial Statements", IFRS 12 "Disclosures of Interests in Other Entities" and IAS 27 (revised in 2011) "Separate Financial Statements" – Investment Entities, adopted by the EU on 20 November 2013 (effective for annual periods beginning on or after 1 January 2014),
- Amendments to IAS 32 "Financial instruments: presentation" Offsetting Financial Assets and Financial Liabilities, adopted by the EU on 13 December 2012 (effective for annual periods beginning on or after 1 January 2014),
- Amendments to IAS 36 "Impairment of assets" Recoverable Amount Disclosures for Non-Financial Assets, adopted by the EU on 19 December 2013 (effective for annual periods beginning on or after 1 January 2014),
- Amendments to IAS 39 "Financial Instruments: Recognition and Measurement"

   Novation of Derivatives and Continuation of Hedge Accounting, adopted by the EU on 19
   December 2013 (effective for annual periods beginning on or after 1 January 2014).

The Group has elected not to adopt these standards, revisions and interpretations in advance of their effective dates. The Group has not yet evaluated the impact of the adoption of IFRS 9 "Financial Instruments". The Group anticipates that the adoption of all other standards revisions and interpretations will have no material impact on the financial statements of the Group in the period of initial application.

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013 (cont.)

#### 2) Basis of consolidation

The consolidated financial statements incorporate the audited financial statements of the Company and entities controlled by the Company (its subsidiaries) made up to the balance sheet date. Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used in line with those used by other members of the Group. All intercompany transactions and balances between Group companies are eliminated on consolidation. Subsidiaries are consolidated using the purchase method of accounting from the date on which control is transferred to the Group and cease to be consolidated from the date on which control is transferred from the Group.

The Company and following companies make up a group of entities, controlled either directly or indirectly by the Company ("the Group"):

- VIA SMS SIA
- VIA SMS LT UAB
- VIA SMS PL z.o.o.
- VIA SMS s.r.o.

- VIA SMS MINICREDIT S.L.
- VISA CONTO SWEDEN AB

The Company explore power and ability to influence relevant activates in those entities by leading operational management of entities, providing funding (in forms of both: equity and borrowings), by providing IT resources that gives the Company control over those entities.

## 3) Significant accounting judgments and estimates

The presentation of consolidated financial statements in conformity with IFRS as adopted by the EU requires the entity to make estimates and assumptions that affect the recognised amounts for assets liabilities and disclosure of contingent assets and liabilities as of the date of balance sheet date as well as recognised income and expenses for the reporting period. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates may differ from related actual results.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

#### a) Loans and receivables to customers

Loans are measured at amortised cost less impairment. The amortised cost of a loan is the amount at which the loan is measured at initial recognition minus principal repayments plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and minus any reduction (through the use of an allowance account) for impairment or uncollectibility.

#### b) Impairment of financial assets

The Group reviews its loan portfolios at each reporting date to assess whether an allowance for impairment should be recognized in the income statement and for which amount.

The Group recognises impairment loss based on historical loss experience which is adjusted on the basis of currently available data. Allowances are assessed collectively on portfolios with similar features. The main criterion for assessment is settlement discipline and calculation of necessary allowance on portfolio is based on experience and previous period's statistics. Management makes estimates of net present value of expected future cash flows when determining the amount of allowance required based on best knowledge about current situation.

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013 (cont.)

The carrying amount of the asset is reduced through the use of an allowance and the increase/decrease in the amount of the impairment loss is recognised in the income statement. If any loan and receivable can not be recovered, or sold the residual balances are written off from the balance sheet accounts and charged against allowance for credit losses.

#### c) Intangible and tangible fixed assets

All fixed tangible and intangible assets except for goodwill and real estate are accounted at their cost less accumulated depreciation and amortisation. Depreciation and amortisation is calculated on a straight-line basis using the following depreciation and amortisation rates:

Intangible assets:			Annual charge
Licenses			5 years
Software			5 years
Tangible fixed assets:			
Buildings			20 years
Vehicles			5 years
Furniture, fitting at	nd equipn	nent	3-5 years

Intangible assets with and tangibles are amortised over the useful life. The amortisation period and the amortisation method for an intangible asset with a finite useful life is reviewed at least at each financial year-end. The depreciation and amortization expense on tangible fixed and intangible assets with finite lives is recognized in the income statement line "Administrative expenses".

#### d) Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held on call with banks.

#### e) Financial liabilities

Included in balance sheets as "Borrowings" are financial liabilities measured at amortised cost.

After initial measurement these financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Amortised cost is calculated by taking into account any discount on the issue and costs that are an integral part of the effective interest rate.

#### f) Derecognition of financial assets and financial liabilities

A financial asset is derecognized where:

- the right to receive cash flows from the assets have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an
  obligation to pay the received cash flows in full without material delay to a third party under a
  'pass-through' arrangement; and
- either (a) the Group has transferred substantially all the risks and rewards of the assets or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the assets.

The Group derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013 (cont.)

### g) Revenue recognition

Interest income and expenses are recognized in the income statement on an accrual basis of accounting using the effective interest rate method. Interest income and expense include the amortization of any difference (discount premium or other) between the initial carrying amount of the interest-bearing financial asset or liability and its maturity amount calculated on an effective interest rate foundation.

Fees and commissions are generally recognized on an accrual basis either as the service is provided or on the execution of a significant act as applicable.

Accrued income is recognized in the income statement if the Group has no objective evidence that they will not be received in full.

Income and expenses relating to the reporting period are recognised in the income statement irrespective of the date of receipt or payment.

#### h) Taxes

Corporate income tax is calculated in conformity with the tax legislation of the Republic of Latvia. Deferred taxation is provided for temporary differences arising between the carrying amount of an asset or liability in the balance sheet and its tax base according to taxation legislation. The deferred taxation asset or liability is calculated based on the tax rates that are expected to apply when the temporary differences reverse. When an overall deferred tax asset arises this is only recognised in the financial statements where its recoverability is foreseen with reasonable certainty.

#### i) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event it is probable that the Group will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation its carrying amount is the present value of those cash flows.

#### j) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### k) Foreign currency translation:

#### i) Functional and presentation currency

Items included in the consolidated financial statements of each the Group's entities are measured using the currency of the primary economic environment in which the Group operates ("the functional currency"). The consolidated financial statements are presented in Euro (€), which is the Company's functional currency.

#### ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013 (cont.)

#### iii) Group companies

The results and financial position of all the Group entities that have a functional currency different to the Group's presentation currency are translated into the presentation currency as follows:

- Assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
- Income and expenses for each income statement are translated at the average exchange rate; and
- All resulting exchange differences are recognised as a separate component of equity.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations are taken to shareholders' equity.

# 3. Financial risk management

Risk management is an integral part of the Group's activities. Risk categories that are addressed by the Group subsidiaries mainly include the Credit risk, Country risk, Liquidity risk, and the Currency risk. Each subsidiary participates in Credit risk management by developing their own risk management tools, such as loan issuing procedures, but Country, Liquidity and Currency risks are managed by the Group.

#### Credit risk

Credit risk is the risk that is caused by inability of borrowers to repay their loans. Credit risk is mitigated in few following ways:

- Loan issuing procedures are set up in each Group subsidiary to ensure high quality of portfolio.
   Such procedures are constantly evolving and include judicial and behavioural scorecards, usage of credit bureau data and reduction of loan principal when the prospective customer has a questionable creditworthiness.
- Penalties, prolongations, rescheduling (renegotiation) are introduced to mitigate risks associated
  with not repaid debts. These payments are options that are available to borrowers in case there is
  difficulty or unwillingness to repay the debt. Prolongations and rescheduling (renegotiation) both
  move the repayment date simultaneously with generating extra cash flow from the portfolio.
- Loan loss provisions are adequate way to mitigate the risk of losses to be incurred in the course of loan repayment transactions. Loan loss provisions are based on loan repayment statistics of borrowers in the past.

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013 (cont.)

Table below shows the Group's gross portfolio broken down by the age of debt. Days overdue are given as indication of quality of portfolio.

Year ended 31 December 2013	Days overdue	Payday EUR	Instalment EUR

#### Country risk

Country risk is the risk associated with changes operation on the country level, and includes two basic areas: changes in legislation of the respective country, and issues related to maintaining enough equity to issue loans to the borrowers at all times, i.e. liquidity risks. Both country level risks are mitigated with close control of operations from the country management, as well as regular assessment of situation from the management of the Group. Liquidity risks rather low given the fast-turnaround nature of the payday product.

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013 (cont.)

### Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate because of the fluctuations of the foreign exchange rate of the currency the Group's assets are held in. The Group has assumed that the foreign exchange rate could potentially change for 2% for currencies, which are bound to EUR by their legislations (LV, LT), and by the difference between historical minimum and maximum in the previous year for the other currencies. Table below lists currencies that the Group was exposed to during the statement year, minimum and maximum values of the interest rate according to maximum difference the rate has suffered during the statement year.

Year ended 31 December 2013	LVL*	LTL	CZK	PLN	SEK
Statement rate	0.7028	3.4528	27.4250	4.1472	8.9430
Maximum difference in 2011	2%	2%	9%	7%	9%
Minimum value	0.6887	3.3837	25.2250	4.0671	8.2876
Maximum value	0.7169	3.5219	27.7200	4.3432	9.0970

<sup>\*</sup>calculation not made since Latvia joined Eurozone in 2014.

Year ended 31 December 2012	LVL	LTL	CZK	PLN	SEK
Statement rate	0.7028	3.4528	25.1400	4.0882	8.6166
Maximum difference in 2012	2%	2%	6%	11%	11%
Minimum value	0.6887	3.3837	23.6316	3.6385	7.6688
Maximum value	0.7169	3.5219	26.6484	4.5379	9.5644

# Notes to the Consolidated and Separate Financial Statements for the year ended 31 December 2013 (cont.)

31 December 2013

Following table shows the sensitivity of loan, accounts receivable to fluctuations of each of the currency exchange rates by the gap between minimum and maximum exchange rates in reporting year as described in tables above.

31 December 2012

	02200			3111
Currency	Basis	Effect on results EUR	Basis	Effect on results EUR
LVL	3 115 698	-	3 001 579	60 032

CZK	1 589 744	144 628	1 238 846	74 331
PLN	2 732 731	181 932	2 663 486	292 983
SEK	2 190 599	198 263	2 090 918	230 001
EUR	2 289 693	Tre 5150 - 5	997 110	-
	Total	547 053	10.7	688 900

### Liquidity risk

Liquidity risk is the risk that there will be not enough equity to issue loans to the borrowers. Although the risk is low given the fast-turnaround nature of the payday product, to mitigate the risk, bank statements of each subsidiary are assessed every 3 days by the management of the Group and by subsidiary managers on daily basis.

#### 20. Subsequent events

In order to more effectively provide the control of subsidiary companies as well as optimise the taxation policy in the whole Group the European Economic Interest Grouping (EEIG) was established. EEIG was incorporated as a partnership in Latvia by Via SMS Group SIA, Via SMS SIA, Via SMS LT UAB, Via SMS PL z.o.o., Via SMS s.r.o., Via SMS MiniCredit S.L. and ViaConto Sweden AB in March 2014. Via SMS Group SIA transferred its IT business to EEIG and starting from March 2014 EEIG provides IT services and support to its members.

#### INDEPENDENT AUDITORS' REPORT

To the Shareholders of SIA "VIA SMS Group"

#### Report on the Financial Statements

We have audited the accompanying financial statements of SIA "VIA SMS Group" (further "the Company") and the consolidated financial statements of SIA "VIA SMS Group" and its subsidiaries (further "the Group") set out on pages 6 to 29, which comprise the Company's and the Group's balance sheets as of 31 December 2013, income statements, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards as adopted by the European Union, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion the financial statements referred to above give a true and fair view of the financial position of the Company and the Group as of 31 December 2013, and of its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union.
