ABOUT THE COMPANY

VIA SMS Group is an alternative financial services provider operating across Europe. Since its founding in 2009 the company has expanded its operations to 9 countries - Latvia, Lithuania, Sweden, Poland, Czech Republic, Romania, Moldova, Vietnam and Philippines - and has grown into one of the leading European consumer lenders. The company has developed an extensive product portfolio including various lending and savings products, digital banking product **VIALET** and a peer-to-peer lending platform **VIAINVEST**. The company headquarters are located in Riga, Latvia but company operations are supported by more than 200 employees around the world. In 2014 VIA SMS Group issued its bonds on Nasdaq OMX Baltic stock exchange market for the first time.

MISION AND VALUES

VIA SMS Group mission is to provide simple and accessible alternative financial services by delivering transparency, building trust and bringing positive change by educating society on making smart financial decisions.

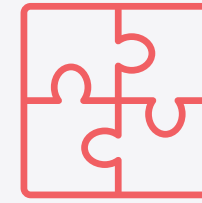

TRUST

Our priority is a relationship built on mutual trust, so we highly value anonymity and confidentiality of our customers. We ensure transparent cooperation environment and outstanding customer service.

ACCESSIBILITY

VIA SMS Group offers solutions that are simple and accessible to everyone. To ensure assistance in any financial emergency the company guarantees one of the fastest services available on the market.

EXPERIENCE

Customers are the most valuable asset, so VIA SMS Group has taken years to develop products and services that are milled to perfection.

COUNTRIES OF OPERATIONS

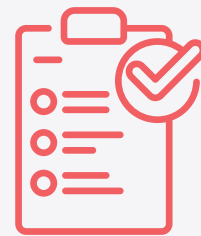

RESPONSIBLE LENDING

VIA SMS Group encourages responsible lending and aims to educate customers on well-considered financial decision making. The core elements of the company's responsible lending policy are:

HONESTY

Our business is built on clear and open communication with customers. All product fees (if any), as well as interest rates, are publicly available and explained on product web pages.

DILIGENCE

We are interested in encouraging wellbeing of our customers, so every client's case is based on in-depth analysis of possible risks according to existing regulations and complex risk evaluation criteria. Within this process, we guarantee our customer data protection and anonymity.

REGULATORY ASSURANCE

VIA SMS Group is operating in a government regulated business environment and diligently ensures compliance with an existing regulatory framework.

UNDERWRITING

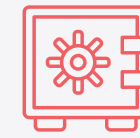

EFFICIENT

19 automated and semi-automated credit, fraud and identity related scoring models are used in the daily risk assessment process. Each model can be individually modified or updated in a short period of time.

ACCURATE

Models are based on application, behavior, and external provider data. Best in class analytical algorithms, are often used to win data mining competitions.

SAFE

Model parameters as performance and stability are constantly monitored and backed by fail-safe architecture.

EVOLVING

Currently the 4th generation of models is used. Existing models are constantly improved.
